

Getting the good bugs: Insectaries and hedgerows in vineyards

A workshop for vineyard professionals

**Tuesday, June 22, 2010
9 am – 12 pm**

**Robert Mondavi Vineyards, Creekside Office Building
Walnut Lane, Oakville
(turn north from Walnut Lane approximately 3000' west of HWY 29)**

Workshop Agenda

- Guided tour through nearby insectaries
- Discuss planning, locating, and installing insectaries with local experts
- Learn about benefits that insectaries provide to vines and the ecosystem, and more!

Space is limited for this free workshop.

RSVP to Frances at frances@naparcd.org or 707-252-4188 x120
