The 2017 Watershed Awareness Calendar Needs Your Photos!

The Watershed Information & Conservation Council (WICC) of Napa County and the Napa County Resource Conservation District (NCRCD) are looking for photos for the educational 2017 Watershed Awareness Calendar.

The theme of this year's calendar will be "Hiking Trails of Napa County." We are looking for photographs of publicly accessible open space areas to encourage hiking, visitation, and recreation.

We will select twelve photographs to be featured in the calendar as well as many smaller photos to be placed in various spots throughout the calendar.

Share your favorite place to hike and visit! Examples include spaces like: Oat Hill Mine Trail, Lake Berryessa, Napa-Bothe State Park, Wetlands Edge Trail, Sonoma Marsh, etc.

How to Submit Photographs

All photographs must be submitted electronically as JPEG or TIFF files and must be accompanied by an entry form. The deadline for submitting entries is October 7, 2016.

All entries must be high-resolution JPEG (.jpg or .jpeg) or TIFF (.tif or .tiff) files. The image resolution should be 1600 x 1200 pixels minimum. We suggest using a camera that can take photos between six megapixels and 18 megapixels to achieve maximum resolution.

Photos should be emailed to naparcd@gmail.com and should not exceed 25 MB in size.

In the description field on the entry form please identify the location of your photograph, and any additional information that you think will be helpful in understanding and appreciating the photograph and what it portrays.

You may enter more than one photograph, but the photographs should be sent separately due to file size.

You must fill out an entry form for your photo(s) to be accepted. Your personal information only needs to be entered once, but you must provide a title and description for each photo you enter. Personal information will be kept private and viewable only by NCRCD and WICC staff members.

About Your Entries:

You will retain the copyright and all other rights to photographs you submit except for those rights specifically listed below:

You are granting the NCRCD and the WICC a non-exclusive, irrevocable, royalty-free license to publish the photographs you submit in editorial, educational, promotional and other uses. All published photographs will be credited with the caption "© Photographer's Name."

Your photo may be cropped, silhouetted, faded or overprinted with other graphic elements. You also grant the NCRCD and the WICC the right to use your name in connection with the photograph.

Photographs submitted must be the original work and exclusive property of the photographer.
