

NAPA COUNTY WATERSHED SYMPOSIUM

WATERSHED MOMENTS:

NATURES VALUE – *What is, what was & what can be...*

May 24, 2017

March 2017

Dear Community Leader,

On behalf of the Watershed Information & Conservation Council (WICC) of Napa County and the Napa County Resource Conservation District (RCD), we invite you to become a sponsor of the 2017 Napa County Watershed Symposium: *WATERSHED MOMENTS: NATURES VALUE*.

This year's event will be held on **Wednesday, May 24 at Blue Note Napa**, located in the historic Napa Valley Opera House, 1030 Main Street (NapaWatersheds.org/Symposium). This day-long event will bring together more than 150 stakeholders from local, State and Federal natural resource agencies, community organizations, nonprofit groups, and local and regional community members.

WATERSHED MOMENTS: Nature's Value - What is, what was & what can be will feature a number of experts presenting on significant topics, such as water quality, groundwater, and climate variability, put in perspective of historical ecology, current understanding and future monitoring goals. This year's symposium will challenge those in attendance to put a deeper and more holistic value on our watersheds and natural infrastructure.

We invite you to Sponsor the event! Numerous benefits of sponsorship are described on the enclosed form. Please note, only a limited number of sponsorship opportunities are available. *Commit early to make the most of our community outreach for the event!*

Thank you for supporting this important region-wide event and for showing your commitment to valuing the watersheds of Napa County and the North Bay. If you have questions, please contact Frances Knapczyk, Conservation Program Manager, Napa County RCD, at 707-252-4189 x 3124, frances@naparcd.org.

Thank you,

Leigh Sharp
