

2019 Napa County Watershed Calendar Photographs Needed

Watershed Information & Conservation Council (WICC) of Napa County and the Napa County Resource Conservation District (NCRCD) are excited to announce the theme of the 2019 Watershed Education Calendar:

“Birds of Napa County”

We are seeking volunteer submissions of images to be used in the 2019 Napa County Watershed Calendar. Images should be high-resolution and include birds native to Napa County. If you are unsure if your photo includes a native or non-native species, please ask and we will help identify it for you. Over 4,000 calendars will be printed and distributed for free across Napa County.

GUIDELINES FOR SUBMISSIONS

- Landscape (horizontal) orientation is preferred, though portrait (vertical shots) can be useful as well
- High resolution is preferred (large file size), please submit the original, unedited, uncropped photo
- Species should be native to Napa County (no domestic or pet birds please)
- Single species, as well as groups of birds are welcome
- Include the date of the image and a short description of where it was taken
- Photos taken in Napa County are preferred

Deadline to submit – August 1, 2018

SEND SUBMISSIONS TO: NapaRCD@gmail.com

You will retain the copyright and rights to your photographs. You are granting the WICC and the NCRCD non-exclusive, irrevocable, royalty-free license to publish the photographs you submit for editorial, educational, promotional, and other uses. All published photographs will be credited with the photographer's name. Your photo may be cropped, watermarked, or formatted as needed. You grant the WICC and the NCRCD the right to use your name, or the name of an organization with their permission, in connection with the image.

Image submissions must be the original work and exclusive property of the photographer. Please do not submit images from sources other than your own property.
